

## FLARES

- Pro-Tek has the capability of turn-key operations on flare systems.
- We help design, sell, service and install ignition systems for just about any installation.

## EMISSION COMBUSTORS

- Exceed State and Local Regulatory Guidelines.
- Over 99% Total Emission Destruction of VOCs.
- Low profile design.
- No visible flame/ clean burning.
- Cost-effective solution to comply with tank vapors.

## IGNITION SYSTEMS

- 12V DC Operation.
- Portable-Can be used world-wide on most flare and combustor applications
- Continuous operation.
- Reduce fuel gas consumption
- One of our designs requires no pilot gas
- Cost effective & ZERO maintenance.
